3 WAY CC

Internal PALS panel for firearm, magazines and MOLLE accessory attachment keeps close to the body for a secure carry.

Available 2021

Weight: 1.2 kg (2.6 lbs)
Vol: 16.7 L (1020 cu-in)
Dims: 11"x16.3"x10.3" (27.9x41.4x26.2cm)
Size: One Size

The 3 WAY CC offers a convenient range of carrying methods — briefcase, backpack, or shoulder carry. A front Rip-zip opening gives you ready access to the administrative accessory pockets (or magazines). The back compartment that rests against the body is fully-lined and has a PALS panel for a firearm(s), magazines, and other MOLLE accessories. This panel's top toggle allows you to rip the pocket open for access to the contents. The other padded sleeve fits laptops up to 15".

GO BAG

Available 2021

Weight: .5 kg (1 lb)
Vol: 4 L (245 cu-in)
Dims: 13"x8"x5" (33x20.3x12.7cm)
Size: One Size

An over-the-shoulder sling bag for carrying your mission-essential gear, the GO BAG's best feature is called out in its namesake — a perfect grab-and-GO BAG. The over-the-shoulder, ambidextrous sling provides a comfortable fit and simple yet secure compartment access for both left and right-handed users. The quick, Rip-zip design provides access to PALS panel where a firearm, magazines, or any other MOLLE accessory can be safely stored. With a top grab handle and a stowable additional security strap, this well-engineered sling will stay secure to you in any pursuit.

RIP RUCK 24 CC

Available 2021

Weight: 1.0 kg (2.3 lbs)
Vol: 24 L (1465 cu-in)
Dims: 18" x 10.5" x 10 (45.7 x 26.7 x 25.4cm)
Size: One Size

The RIP RUCK 24 CC will be your best companion because of its organization. It has two compartments: zip access to a separate laptop and document sleeve and Rip-Zip panel access to the drop-in compartment with a loop PALS panel for firearm, magazine, and MOLLE accessory attachment that features magnets for securing when the zippers are not being used. Other features include interior mesh divider pockets for magazines or other accessories and a center front zip that allows full access to the main compartment. The two exterior, lower Rip Zip pockets provide quick access and organization.

ROAD TRIPPER

Available 2021

Weight: 1.5 kg (3.2 lbs)
Vol: 32.8 L (2004 cu-in)
Dims: 10" x 18" x 12.5" (27.9 x 41.4 x 26.2cm)
Size: One Size

The ROAD TRIPPER offers custom organization for variety of uses. This full-featured, padded travel bag meets all your needs for a grab-and-go pack for the week. Sized to go from the locker to the front seat of the car, this pack is expertly engineered to keep you organized and highly mobile. Featuring two, full-length, front external pockets with multiple mesh divider pockets for organizing smaller items, and a large, main padded compartment with three dividers to custom organize your kit to your liking, depending on the job at hand. The ROAD TRIPPER is loaded with many utilitarian features to meet the needs of your operational demands.

The image shows two soldiers in full combat gear kneeling in a desert landscape. They are wearing camouflage uniforms, helmets, and sunglasses. The soldier on the right is holding a rifle. The background is a vast, open desert under a blue sky with some clouds. The overall scene is a professional military setting.

MILITARY

Our Military products are in compliance with the Berry Amendment (10 U.S.C. 2533a) and TAA compliant. Most products are made with IR compliant materials and zippers.

The 3 DAY ASSAULT PACK is our full-featured, flagship pack. Built of custom spec'd 500D CORDURA® with Teflon® and PU coatings for maximum durability, UV, and weather protection and with IR-Compliant, water-repellent YKK® zippers. The classic 3 ZIP provides easy access to gear and for versatility and mobility, there's nothing better. It has three rows of external MOLLE webbing, giving you options to expand, and side compression straps minimize bulk.

Weight: 2.1 kg (4.7 lbs)
Vol: 38 L (2288 cu-in)
Size: S M/L XL
Berry Compliant

The KOMODO DRAGON is a slightly larger version of our 3 Day Assault for extended time in the field. This pack features Futura yoke to adjust to different torso lengths and accommodate the extra girth of armor. Inside, it has a MOLLE panel for radio mounts plus detail pockets and hydration sleeves. The waist belt stows away when not in use.

ASAP

OVERLOAD with Pelican case

Coyote

Weapon compression straps

Weight: 3.5 kg (7.8 lbs)
Vol: 49 L (2990 cu-in)
Size: S M L XL XXL
Berry Compliant

The OVERLOAD® pack features the quick-access, 3-ZIP design and the ability to secure sniper and crew-served weapons or Pelican cases between the pack and frame without decreasing capacity for mission essentials or sustainment gear. Built on the NICE Frame, which is a patented construction, that allows the frame to flex with your body resulting in top-down load transfer to comfortably carry heavy loads. The OVERLOAD® feature makes this our most advanced weapon's carry backpack.

CREWCAB

Coyote

Multicam

Weight: 3.4 kg (7.4 lbs)
Vol: 26 L (1592 cu-in)
Size: S M L XL XXL
Berry Compliant 

The CREWCAB is our variable-capacity, do-anything military pack. It can be compressed into a low-profile, 1592 cu-in pack or expanded to carry Load Cells, EOD gear, Pelican cases, robots, ammo cans, and CASEVAC in a pinch.

LOAD SLING

Coyote

Multicam

Weight: 2.5 kg (5.5 lbs)
Size: S M L XL XXL
Berry Compliant 

The LOAD SLING adds versatility and stability for non-standard loads. It is the most basic method to lash objects to the NICE Frame — a patented construction that allows the frame to flex with your body, resulting in top-down load transfer to comfortably carry heavy loads. This simple design has two adjustable straps to the top and each side. Its wide range of adjustability will conform to any load you can carry.

MEDICAL

On the front line in a medical emergency, every second counts. That's why the MYSTERY RANCH medic specific bags were designed around quick access, organization, and comfort.

MOLE

A COMPACT AND HIGHLY FUNCTIONAL MED PACK

Designed for requirements around our winning bid in the Norwegian TCCC program, the MYSTERY RANCH MOLE fills the demand for a scaled-down, feature-rich medical pack. Every square inch of this pack was designed with function in mind. MYSTERY RANCH really stayed focused on versatility and quick access on this pack. The MOLE has already been very popular in Europe as it launches here, looks to be a consideration for your combat trauma essentials.

Check out the full line of medical military packs and accessories at:

The main compartment splays open via one-handed access from its two-zip design, allowing full access to the removable internal pouches inside the pack. An additional, internal handle keeps from fighting the top lid when hanging the pack to work out of.

*Contents not included with MR pack.

Weight: 2.2 kg (4.9 lbs)
Vol: 22 L (1342 cu-in)
Size: S M L XL XXL
Berry Compliant

At 22L, the MOLE is similar in size, but has a slimmer profile than its popular predecessor, the RATS pack. It is built with custom spec'd 500D CORDURA® with Teflon® and PU coatings for maximum durability, UV and weather protection and finished off with IR-compliant YKK® zippers. The MOLE is highly configurable with its carrying options and internal organization, adapting to changing mission profiles.
