

CEW TESTING CHAMBER NEXT GENERATION CEW SAFETY

The CEW Testing Chamber was carefully designed for the safety of the CEW user while providing an indispensable and functional testing method.

Probes from accidental discharges are **captured and contained** within the testing chamber.

The chamber decreases decibel output by **over 50%**, reducing disruption to other staff during montly downloads.

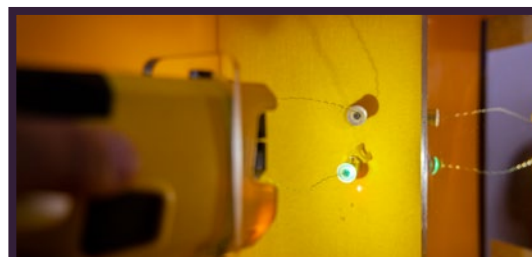

The opertator can **visually see the arcing** during testing without needing to look directly at the CEW, protecting the user.

THE DEFILADE CEW TESTING CHAMBER ALLOWS USERS TO SAFELY:

- ✔ Conduct daily function tests
- ✔ Scheduled downloads
- ✔ Test malfunctioning cartridges

SPECIFICATIONS

- › Weight: 3.5kg/7.72 lbs
- › Dimensions: 17" x 12" x 9" | 43.3cm x 30.5cm x 22.8cm
- › All individual items within the chamber are removable and replaceable
- › Floorstand available when mounting is not an option
- › Part #: DEF-CEWTC
- › The chamber has been independently certified for:
 - ✔ Electrical safety
 - ✔ Durability

CONTAINED ACCIDENTAL DISCHARGE

The risk of injury during required daily testing of the CEW is greatly reduced.
